Social skills and competences

I am good at interacting with people, organizing and running workshops for MFL Teachers. I enjoy working on intercultural projects in a collaborative way – see the three-year language tandem project (Italian-English) I carried out with the University of Oregon in Eugene (<http://amaldi-english-corner.wikispaces.com/OREGON+TANDEM+PROJECT+2008-09>), which won the 2010 TESOL Italy ‘Sirio di Giuliomaria’ Award (<http://tesolitaly.org/new/download/Winner%202010.pdf>).

Organisational skills and competences

For some years I have organized and held a blended course for Modern Foreign Languages Teachers about the implementation and use of ICT and Web 2.0 Tools in the English, French, German and Spanish language classroom. More information on the course can be found here:

<http://lendbg.wikispaces.com>

I have been implementing EFL *blended learning* activities through wikispaces:

<http://amaldi-english-corner.wikispaces.com>

<http://nattaefl.wikispaces.com/> (with English for Science section)

<http://galliefl.wikispaces.com/> (with Business English and English for Tourism sections).

I have also carried out some online language projects with the 'Patrick Henry' High School in San Diego (<http://www.sandi.net/henry>) and a class exchange with Belmont High School in Geelong, Victoria, Australia (<http://nattaefl.wikispaces.com/BELMONT+HIGH+SCHOOL>)

Computer skills and competences

As well as dealing with foreign languages I published many ICT coursebooks and user manuals for Italian schools (word-processing, spreadsheet, database) from 1995 to 2003 (complete list here:
